

Tree Aftercare Event

10am-12pm Sunday, 15 April

Meet at the notice board, main entrance

Please come and help us clear the ground around the park's young trees. This enables the roots to receive more nutrients, meaning the trees can grow nice and strong.

Everyone welcome! Let's have some fun together whilst caring for the park. You'll need suitable footwear, your waterproofs and a pair of gardening gloves. Please also bring spades. Come for as long as you can! Email Jo at Jacob.smith.park@gmail.com
