2350	Small Wainscot (<i>Chortodes pygmina</i>)	1
2361	Rosy Rustic (<i>Hydraecia micacea</i>)	4

Success at last! After a couple of poor years we finally had a great morning being shown the colourful collection of moths trapped over night. Many thanks to Jill Warwick for making the event possible and to Sandra Mason for the use of her garden and field – plus the coffee and biscuits. There were 28 species identified, 22 macro moths and 6 micro moths with large numbers of some species.
